Graduate Program

» **bonsella**

Looking for a workplace that puts personal development and work/life balance first?

An amazing opportunity exists at Bonsella for Accounting/Commerce graduates to kick start their accounting career in a workplace that will increase your skills and understanding of all areas of accounting and business services.

About Bonsella

Bonsella is a Chartered Accounting firm based in Canberra. Listed as a Top 100 Accounting firm by the Australian Financial Review, we believe strongly in maintaining close working relationships with our clients, while offering a unique and interesting workplace for our staff. Established over 20 years ago, Bonsella has built a reputation for offering a high-quality service in the market. We encourage direct mentorship for our staff and offer a fun, challenging and professional workplace in a modern office.

About the program

What professional development will I receive?

You will receive frequent professional development sessions throughout the graduate program to fast track your career growth. Along with mentoring and training from experts in the accounting field, we provide a structured induction program to help ease you into a full time professional role.

Our diverse client base allows for the opportunity to work with different managers on different types of work. This breadth of training will give you a broad understanding of the accounting industry and Bonsella as a business.

Will I receive financial support/entitlements?

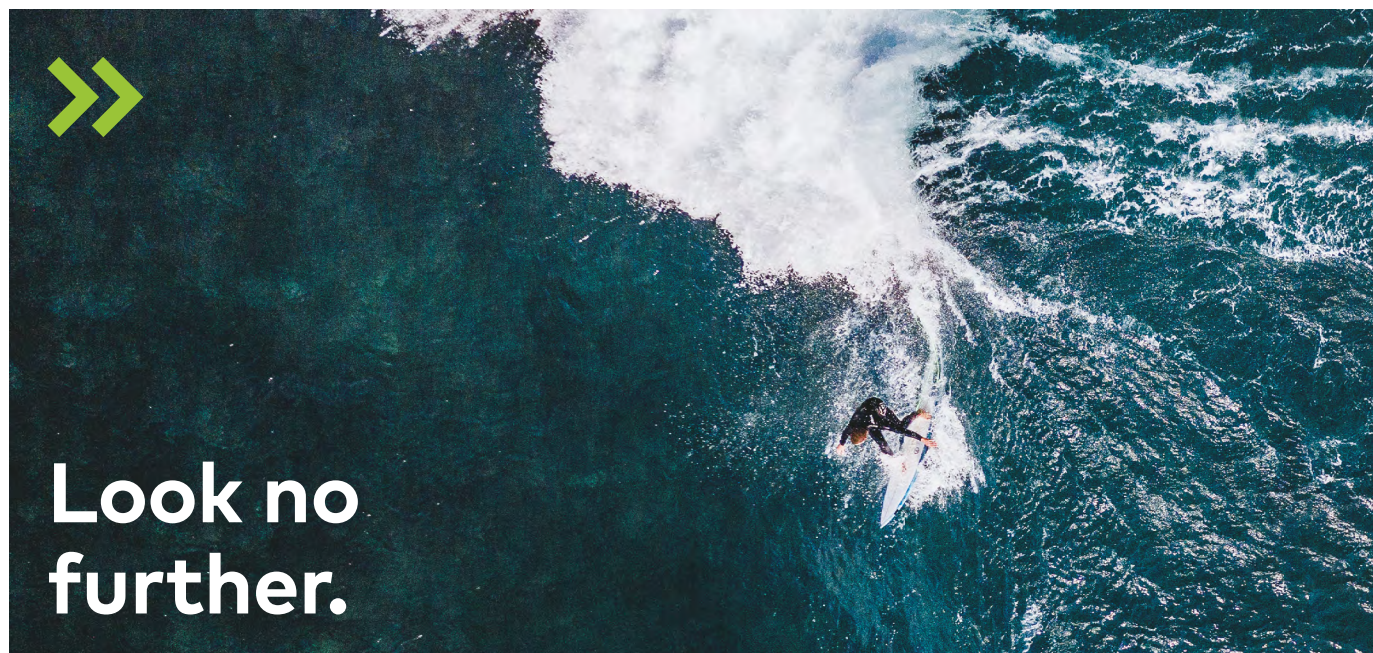

We offer a CA/CPA study support package to encourage and assist with any further education in the accounting field.

Standard employment entitlements apply (including sick leave, annual leave). You will enjoy regular social activities, free snacks and coffee, and a great modern workspace.

What are the requirements to apply?

You must be:

- Eligible to work in Australia
- Graduated from university with a Commerce or Accounting degree
